Looking for work? We can help. Looking to hire? We can help.

The Tri-Valley One-Stop Career Center (TVOS) offers resources for both job seekers and employers.

If you are looking for work, regardless of the profession or industry, we will help guide you through the entire job search process so you can be competitive in today's job market.

If you are looking to hire, we have job ready candidates that may fit your needs. We can also assist you in your recruitment, host hiring events, and perhaps even reimburse some of your training costs.

We work with clients from every growing industry and every profession. Our clients have recently found positions as software engineers, office administrators, general managers, medical assistants, bookkeepers, product controls analysts, mechanical engineer technologists, truck drivers, and sales managers, just to name a few.
