The Tri-Valley One-Stop Career Center (TVOS) is your connection to the region's workforce. We'd like to be a partner in the development of your staff, getting to know your industry, company culture and hiring goals. The more we know, the more help we can be. Below are a few ways that we can help you find the right candidates, so you can focus on expanding your business.

Recruitment Assistance

TVOS is more than a connection to the region's job seekers. We can be a resource for you with services and information that will improve your chances in finding great employees:

- Free job listings on our website
- Guidance about effective job descriptions
- Local Labor Market Information
- Recruitment events in our offices
- Job fair planning & participation
- Selective candidate screening
- Personal referrals of qualified job seekers

Training Assistance

We have several ways to help you train your staff, so that you can keep your good employees and help them progress in their jobs. For example, we offer or have partnerships with:

- On-the-Job Training (OJT): reimbursement up to \$3600 of new employee training costs
- On-site, Customized Training: train or retrain current employees rather than laying them off
- OSHA Training Center: authorized by OSHA to deliver occupational safety and health training on their behalf

Local & Regional Partnerships

We have many local and regional partnerships and collaborations intended to help both our job seekers and the region's employers. These serve as an opportunity to be part of the solutions to improved services, skill gaps and the wider economy.

- Chabot-Las Positas Community College District
- Local Adult Schools and R.O.P.
- Alameda County Workforce Development Board
- EastBay Works
- Regional cities and counties
- Industry groups

Local Job Boards

We encourage employers to look local for their next employee. There are few local, online job boards that can also help widen your search.
